Urban Studies

Index for volume 21 (1984) by subject and author

Subject Index

Allocation
  Race, class and the — of public housing in Britain 115
Allocation systems
  — and housing choice 261
American cities
  The fiscal condition of — and Canadian cities 233

Canadian cities
  The fiscal condition of American and — 233
Cell sizes
  Proportion analysis on cell data: distortions due to variations in — 83
City size
  Urban income distribution, —, and urban growth: some further evidence 325
City size and income distribution
  —: the Canadian experience 359
Class
  Race, — and the allocation of public housing in Britain 115
Community
  Urban and regional change, migration and —, the dynamics of workplace, residence and transport choice 15
Council house sales
  The sale of council houses — some empirical evidence 439
County planning authorities
  Approaches to information management in — in England and Wales 15

Demand function
  — and location theory of the firm under price uncertainty 459
Distribution of income
  Metropolitan fiscal disparities and geographic — 285
Downgrading
  Inflation, new homeowners and — in the 1970s 129

Fiscal condition
  The — of American and Canadian cities 233
Functional form
  — and rental housing market analysis 367
Functional typologies
  of metropolitan areas: an examination of their usefulness 63

Headship rates
  The demand for housing, household — and household formation 407
Home improvement loans
  Racial discrimination as a determinant of — 177
Household formation
  The demand for housing, household headship rates and — 407
Housing careers
  —, life cycle and residential mobility: implications for the housing market 271
Housing choice
  Allocation systems and — 261
Housing demand
  The demand for housing, household headship rates and household formation 407
Housing market
  Housing careers, life cycle and residential mobility: implications for the — 271
Housing market
Municipal boundaries in a discriminatory —: an example of racial leapfrogging 31
Housing market segmentation
  A note on — in an Israeli development town 189
Housing prices
  The empirical determination of —, error correction mechanisms and the correction of errors 89
House prices
  The empirical determination of —, error correction mechanisms and correction of errors: a reply 93
Housing programmes
  Comparability and incomparability in — in Wales 427
Housing segregation
  P* segregation indices: what can they tell us about — in 1980 331

Ile-de-France
  Marital status and occupational structures in the — region 139

Income distribution
City size and —: the Canadian experience 359
Income distribution
Urban —, city size, and urban growth: some further evidence 325
Inflation
—, new homeowners and downgrading in the 1970s
Information management
Approaches to — in county planning authorities in England and Wales 415
Input-output
Applicability and efficiency in a land use plan design model: an — linear programming approach 149
Interjurisdictional criminal mobility
—: a theoretical perspective 451
Internation assistance
Third world urbanization and — 1
Ireland
Components of manufacturing employment change in — 1973–1981 155
Israeli
A note on housing market segmentation in an — development town 189

Land options
The pricing of — 317
Land use plan design
Applicability and efficiency in a — model: an input-output linear programming approach 149
Life cycle
Housing careers, — and residential mobility: implications for the housing market 271
Linear programming
Applicability and efficiency in a land use plan design model: an input-output — approach 149
Location theory
Demand function and — of the firm under price uncertainty 459

Manufacturing employment change
Components of — in Ireland 1973–1981
Manufacturing industry
The employment performance of established — in the Scottish new towns 295
Marital status
— and occupational structures in the Ile-de-France region 139
Metropolitan areas
Functional typologies of —: an examination of their usefulness 63
Metropolitan fiscal disparities
— and the geographic distribution of income 285

Urban and regional change, — and commuting — the dynamics of workplace, residence and transport choice 15
Municipal boundaries
— in a discriminatory housing market: an example of racial leapfrogging 31

New homeowners
Inflation, — and downgrading in the 1970s

Occupation structures
Marital status and — in the Ile-de-France region 139

Price uncertainty
Demand function and location theory of the firm under — 459
P* segregation indices
—: what can they tell us about housing segregation in 1980 331
Perloff, Harvey S.
— (1915–1983) a tribute
Planning gain
—: a theoretical note 183
Plant size
and urban growth 53
Post-colonial Rabat
Maintaining the status quo: an analysis of social space in — 41
Primacy
A note on rank-size and —: in pursuit of a parisimonious explanation 195
Proportional analysis
— on cell data: distortions due to variations in cell sizes 83
Public housing
Race, class and the allocation of — in Britain 115

Race
—, class and the allocation of public housing in Britain 115
Racial decentralization
On the measurement of metropolitan decentralization of black and whites 465
Racial descrimination
— as a determinant of home improvement loans 177
Racial leapfrogging
Municipal boundaries in a discriminatory housing an example of racial leapfrogging 31
Rank-size
A note on — and primacy: in pursuit of parismonious explanation 195
Regional change
Urban and —, migration and commuting — the dynamics of workplace, residence and transport choice 15
Rental housing
Functional form and — market analysis 367
Residential displacement
Spatial differentials in — 219
Residential mobility
Housing careers, life cycle and —: implications for the housing market 271
Retail trade model
Parameters of the —: a utility based interpretation 73
Revitalization
An examination of selected consequences of — in six US cities 245

Scottish new towns
The employment performance of established manufacturing industry in the — 295
Social space
Maintaining the status quo: an analysis of — in post-colonial Rabat 41
